1 ▼ Brand new commentor? Looks glowie AF.

How's the coffee at DHS or the Federal Bureau of Matters today?

1 ▼ I understand and accept the suspicion.

The time has passed for it, though. I'm not wrong. If we end up needing more than high-energy, it should be focused. Precise.

My biggest fear is we will shake our fists at the air for a few days, then go home Sunday because we have to work on Monday. We will even clean up after ourselves as always. We will NEVER get a better chance at changing the course of history for this country.

1 ▼ Very vague, unfortunately.

Waiting for someone worth following to say something along the lines of "enter congress at any cost, and bring them to the gallows. We want them to see our craftsmanship"

just an example. i am not suggesting anyone do anything illegal of course.
